

OUR IMPACT 2019

David Nott
FOUNDATION

WELCOME FROM CHIEF EXECUTIVE AND CHAIR

There is unfortunate certainty in the enduring occurrence of conflict and natural disaster. Wherever these happen, experienced and well-trained medical professionals are required to help victims and preserve life.

The David Nott Foundation is the only charity dedicated solely to teaching surgical skills to local doctors working in areas affected by conflict and catastrophe. By training local healthcare professionals, the Foundation leaves behind a legacy of education and improved health outcomes.

The delivery of the Foundation's mission simply couldn't happen without the generosity of our donors and we are truly grateful for all the support we receive.

We're delighted to share our first impact report with you which shows what your support has enabled us to achieve since we started in 2015.

IVAR MILLIGAN Chief Executive
GRAHAM HODGKIN Chair

"WE LEAVE A LEGACY OF HOPE AS WE ENABLE THESE DOCTORS TO HELP THEIR PATIENTS."

DAVID NOTT

"IT'S VERY EASY TO HELP WHEN YOU HAVE THE SKILLS AND KNOWLEDGE."

DAVID NOTT

"I STARTED TO REALISE THAT I COULD TEACH DOCTORS LIVING AND WORKING IN WAR ZONES HOW TO DO SURGERY IN A VERY DIFFICULT ENVIRONMENT."

DAVID NOTT

WE'VE RUN **27** COURSES...

772

DOCTORS TRAINED
WORKING IN **37** COUNTRIES...

TO DATE, OUR TRAINING
HAS BENEFITTED
1.7 MILLION
PATIENTS

CASE STUDIES

Dr Samah is the only female surgeon in Aden and possibly in all of Yemen. We first met this incredible doctor in 2016 when she completed our overseas training course (HEST).

Since then, she has come to be regarded as one of the very best and has consistently impressed our team with her dedication and diligence. Earlier this year Dr Samah was able to apply the skills learned on one of our courses in a life threatening situation. She carried out an emergency procedure whereby an incision of the skin of a patient is made to create a clear airway in a technique that is only performed as a last resort when intubation is impossible.

Her legacy is a reminder of the many extraordinary women who've been on the 'front line' for years.

"I SAVED HIS LIFE; IT WAS GREAT WHAT I FELT AT THAT MOMENT. IT'S ALL THANKS TO DR DAVID AND HIS FOUNDATION."

Dr Omar is an orthopaedic surgeon in Iraq. He trained with us in 2018.

We heard that, following a massive road traffic accident, a young patient was brought into his hospital and was losing so much blood that doctors were gravely concerned he might not survive. Omar decided to perform a procedure he'd learnt to do properly on our training course.

He recently visited his patient and was delighted to see that he's doing really well.

"YOU SAVED ANOTHER LIFE WITHOUT EVEN KNOWING IT. WE ARE SO PROUD OF YOU. I WANT PEOPLE TO KNOW THE REAL BENEFITS OF THESE TRAINING COURSES. THE TRAINING HELPED ME TO DO THE PROCEDURE PROPERLY AND WITHOUT IT THE BOY MAY NOT HAVE LIVED."

WHAT NEXT?

Our vision is a global network of medical professionals, trained to the highest standards, providing the best care to patients in war and natural disaster zones.

We want to amplify the Foundation's reach by increasing the number of surgeons taught in areas of greatest need. Only with your continued support can we further scale our impact and achieve the ambitious goals that we have set for ourselves in the coming years.

OUR OVERSEAS TRAINING (HEST):

- | We run **six courses every year**
- | We train around **25 doctors** each course
- | Cost to train one doctor: **£1,000**
- | Total cost of each course: **£25,000**

OUR UK-BASED TRAINING (STAE):

- | We run **two courses every year** with the Royal College of Surgeons
- | We train **14 doctors per course**
- | Cost to train one doctor: **£5,000**
- | Total cost of each course: **£70,000**

MEDICAL TRAINING EQUIPMENT:

- | Synthetic heart: **£380**
- | Full set of synthetic organs: **£860**

"WHEN YOU'RE
IN AN AUSTERE
ENVIRONMENT,
YOU ARE
FORCED TO DO
EVERYTHING
BECAUSE YOU
MAY BE THE ONLY
SURGEON THERE."

DAVID NOTT

"THE WORK
OF THIS
FOUNDATION IS
INCREDIBLE AND
HUMBLING."

BEAR GRYLLES OBE
